Tuition Rates for the Academic Year 2019-2020

Payment Options:		Annual	Semi-Annual *	Monthly **
Registered Parishioner Rate	Total Tuition 2019-2020	1 payment Due July	2 Payments Due July and January	10 Payments Due July through April
1 child	\$5,559.00	\$5,559.00	\$2,779.50	\$555.90
2 children	\$9,532.00	\$9,532.00	\$4,766.00	\$953.20
3 children	\$12,648.00	\$12,648.00	\$6,324.00	\$1,264.80
4 children	\$15,010.00	\$15,010.00	\$7,505.00	\$1,501.00
5 children	\$18,218.00	\$18,218.00	\$9,109.00	\$1,821.80
Non-Parishioner Rate				
Per child	\$6,942.00	\$6,942.00	\$3,471.00	\$694.20

A registered parishioner rate is given to families who actively participate in the parish's ministerial activities, who regularly attend Mass, and who contribute to the parish (weekly/monthly) using the envelope system.

Families who receive the parishioner tuition rate are required to volunteer 25 hours of service to the School or Church of St. Mary. **A non-contributing parishioner is expected to pay the same tuition rate as a non-parishioner.**

All tuition is paid through FACTS. Enroll at www.factsmgt.com.

Fees:

\$30 one-time pre-enrollment testing fee

\$150 re-enrollment fee – at re-enrollment in January

Home and School Fee - \$50/family - in July

Book Fee - \$85/student - in July

Technology Fee - \$35/family - In September

Cafeteria fee - \$200 unless family works one day per month in the cafeteria - at registration in August

Oil Pastels - \$2.50 (1st grade) - at registration in August

Recorder - \$5.00 (5th grade) - at registration in August

A fee of \$20 is assessed by FACTS for the One Payment and Semi-Annual Tuition Payment Options

A fee of \$50 is assessed by FACTS for the Monthly Tuition Payment Option.

Attention Students 12 Years and Older

Are you looking for volunteer hours? Consider volunteering in the Mayfest Kidzone.

Mayfest benefits local art students, schools and presents scholarships. This year, the festival will be held at the Tulsa Arts District on May 17th, 18th and 19th. Volunteers in the Kidzone will assist children with hands on activities. The times volunteers are as follows:

Friday, May 17th
4:00pm to 7:00pm

Saturday, May 18th
11:00am to 2:00pm
2:00pm to 4:00pm

Sunday, May 19th
11:00am to 2:00pm
2:00pm to 5:00pm

If you are interested, please have your parents contact Barbara Firey at 918-951-1664 or email bjfirey@gmail.com.

"The presenter was outstanding! I, as well as my teaching staff, felt that his delivery was clear and concise and was able to thoroughly educate and entertain the students. He inspired us to launch our own after school robotics program! Would recommend to anyone."—Principal, Whitier, CA

"The presenter kept the students engaged from the beginning of the show to the end. Each student had a favorite robot and loved being able to "do the robot" with the robots! The staff and students loved the information he provided and were especially impressed at, not only his grasp of the concepts, but his ability to pass them on to the students. Thank you."—Principal, Kingston, MA

STEAM Robotics

Got automation? Get STEAMED up! When Science, Tech, Engineering, Art and Math come together, amazing things happen. Excite your students with an interactive journey through the concepts that bring robots to life. Turn your students into a giant sensor circuit that really works! Have a magnetic tug of war and see how strong motors can be. Find your balance through programs that keep robots (and people) from toppling over. Invite a robot to fly up and take a class photo from above!

Though many robots don't look like humans at all, what robot show would be complete without a super cute humanoid that can dance the Macarena? Or ballet. Or learn new dances from students – because even robots love to learn new steps!

STEAM Robotics is exciting, interactive and funny. Most of all, STEAM Robotics is educational. Aligned to the Next Generation Science Standards, students learn about:

- SENSING/ELECTRICITY – HOW SENSES SENSE USING ELECTRICITY AND CHANGING HOW IT FLOWS
- PROGRAMMING – HOW ROBOTS "KNOW" WHAT TO DO
- OUTPUT/MOTORS – HOW WE TURN ELECTRICITY INTO MOTION, LIGHT OR OTHER FORMS OF ENERGY USING ELECTROMAGNETISM
- FEEDBACK LOOPS – HOW ROBOTS WORK AUTOMATICALLY AND GET THINGS RIGHT (ALMOST) EVERY TIME

STEAM Robotics will be coming to St. Mary on April 29th.
