Cafeteria Updates

- The Tulsa Health Department requires all cafeteria volunteers to have a food handler's permit. You may obtain one by going online and filling out the form and answering a few questions. Go to <https://www.tulsa-health.org/food-safety/food-classes-and-permits/volunteer-classes>. Click on Volunteer Classes and follow the directions. This will only take you 10 minutes or less. The health inspector CAN ask to see your card on any surprise inspection. Please bring the sheet with the permit on it to the cafeteria for safe keeping. Thanks.
- Sign up to work in the cafeteria on line—go to the school website (www.schoolofsaintmary.com). The link is under the “News and Forms” Tab.

COVID-19 DYK

Did you know that according to the CDC, after a person has had close contact within 48 hours of the person becoming ill with COVID-19 they should:

- **Stay home for 14 days after their last contact with a person who has COVID-19.**
- **Watch for fever (100.4°F), cough, shortness of breath, loss of taste or smell, cough, congestion or other symptoms of COVID-19.**
- If possible, **stay away from others**, especially people who are at higher risk for getting very sick from COVID-19.
- **Get tested for COVID-19 and continue the quarantine even if the test is negative.** A negative result before end of the 14-day quarantine period does not rule out possible infection. An additional test is not needed you develop symptoms.
