### Cafeteria Updates

- The Tulsa Health Department requires all cafeteria volunteers to have a food handler's permit. You may obtain one by going online and filling out the form and answering a few questions. Go to <https://www.tulsa-health.org/food-safety/food-classes-and-permits/volunteer-classes>. Click on Volunteer Classes and follow the directions. This will only take you 10 minutes or less. The health inspector CAN ask to see your card on any surprise inspection. Please bring the sheet with the permit on it to the cafeteria for safe keeping. Thanks.
- Sign up to work in the cafeteria on line—go to the school website ([www.schoolofsaintmary.com](http://www.schoolofsaintmary.com)). The link is under the “News and Forms” Tab.

## SAINT MARY'S

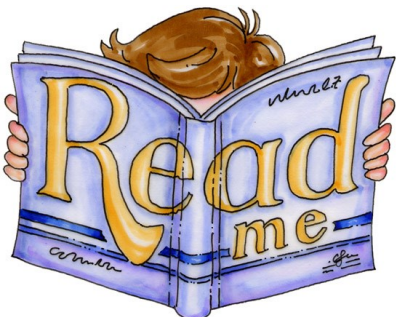

**TRUNK OR TREAT****DEAR TRUNK OR TREAT ATTENDEES,**

We are SO excited to still be able to put one of our favorite events of the year!! In the interest of safety, we are making some changes that we wanted you to be aware of before you arrive. We are hopeful that with these small adjustments, we can still have a fun and safe event.

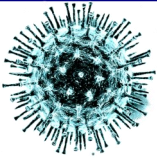

- The event has been shortened to one hour.
- We will have a one way candy trail and are encouraging families to move through it once or twice together. Please make every effort to maintain your distance from other groups.
- We will not have food available for purchase this year or any extra activities like the train, dance floor, and hot chocolate. Don't worry, bathrooms will still be available in the gym.
- In an effort to limit how much the candy is touched, we will purchase all candy needed, so families will not be asked for donations. YAY!
- Because this event is outside and everyone is going to be mindful of their spacing, face masks will not be required, but if ever there was a year to get creative with Halloween masks, it's this year! We can't wait to see what you all come up with! There might even be some special candy rewards handed out for especially creative costumes that we see....

Thank you for bearing with us as we implement these modifications. Hopefully, this will be the only year we have to. We look forward to seeing all of you on Oct. 23rd!

## **COVID-19 DYK**

**Did you know that according to the CDC, you can reduce your risk of getting COVID-19 by wearing a mask when around others, cleaning and disinfecting frequently touched surfaces daily, washing your hands frequently and avoiding close contact with people outside your household or who are sick.**
